Efficiency Audit in Mysore State—Progress of Work during 1948-49.

The activities of the Efficiency Audit Branch were continued during the year 1948-49 in regard to inspections of Government offices, depots, stores and other institutions under the control of the several departments of Government and the investigation of office and other irregularities. The Branch conducted 160 such inspections during the current year against 64 during 1947-48 and 60 during 1946-47, bringing the total to 284 from the commencement of its work in about January 1947. The work in respect of 25 offices was examined on behalf of the Economy Officer to Government, for assessing the scope of retrenchment in those offices as far possible, without imparting efficiency. Under the scheme of Revenue Audit, 23 offices were audited mainly with a view to detecting leakages of revenue due to Government arising through short levy of assessment and rates, omission to book the demands due to Government in certain cases, loss of revenue due to delay in the disposal of darkhasts, etc. Cases of leakages and loss of revenue due to Government amounting to about Rs. 92,000 in all were brought to light during the inspections. The Presiding Officers of the offices concerned have been requested to take action for effecting recoveries or for fixing responsibility for the leakages or loss and the progress thereon is being watched. Necessary action has been taken with a view to issuing instructions for preventing delays and irregularities and for effecting such changes in the office procedure as would conduce to greater despatch of work.

The Branch received 91 petitions during the year, alleging office and other irregularities of various nature. Seventy of them have been dealt with by the Branch, while the remaining 21 were referred to the concerned departments. Thus the total number of petitions received by the Branch comes to 201 and that directly investigated to 139. Among the more important matters investigated or enquired into in pursuance of these petitions are cases of issue of large quantities of petrol without coupons, alleged misapplication of petrol coupons supplied for departmental use, irregular purchases and issues of materials in connection with the expenditure of Government grants, cases of alleged misappropriation of salaries payable to Government servants or falsely claimed on behalf of persons not actually employed, incurring of excessive contingent charges on the basis of false vouchers in a certain Government institutions, and instances of suspected misuse of Government materials in certain Agricultural depots. Suitable action has been taken where necessary, both for preventing the irregularities and for awarding suitable punishment to officials responsible.

Besides the inspections and investigations, proposals generally for improving the despatch of Government business in all the departments have been submitted by the Branch and are under the consideration of Government. The question of the revision and compilation of departmental and office manuals is also being pursued.

The Mysore Food (Restriction of Service of Meals by Cat ing Establishments and others) Order for 1949 prohibited preparation for sale or sale by any catering establishment any eatables known as "Idlies" or "Dosais" or eatables similar kind prepared from any rationed article.

2. The Central Food Council and the City Food Coun Mysore, resolved at their meetings held on 28th Febru 1949 and 22nd February 1949 respectively that the prepa tion of "Idlies and Dosais" in the hotels even from pul should be prohibited. The Director of Food Supplies wh supporting the above resolution pointed out that seve restaurants were preparing these eatables by mixing rice' rationed articles with pulses and the detection of the offe committed thereby was very difficult.

3. Agreeing with the above recommendations, Gove ment issued an amendment to Clause 4 of the said order Government Notification No. S.D. 10697—R. 24-48-2 dated 7th June 1949, prohibiting the preparation for sale sale by any catering establishment of any eatables known "Idlies" or "Dosais" or eatables of a similar kind whet involving the use of cereals or pulses or not and directed t the amendment be given notice of by the issue of a Pr Note explaining its provisions.

In the meantime, several representations by and on bel of catering establishments were received requesting the can lation of the Notification on the ground that it would ca serious inconvenience to the public resorting to restaura besides causing loss to hotel-keepers.

4. During the current Legislative Council Sessions adjournment motion was tabled on 20th May 1949 by M. P. Lakshminarasimha Sastry, M.L.C. with a view urging for the cancellation of the Notification on grou almost similar to those referred to above. Opinion in house was mostly in favour of the measures taken by Gov ment. On behalf of the Government, the Home Mini stated on the floor of the House that the question would examined again and the member withdrew the adjourna motion.

5. Several representations have been received from Public stating that the step taken by Government was in right direction and that it would reduce black-market Government have again considered the PROS AND CO of the measure but regret they are unable to revise t decision and withdraw the Notification, as it is conceive the best interests of the public and in view of short supp rice which is causing anxiety.

6. The measures taken by Government prohibiting preparation by Catering Establishments of "Idlies" "Dosais" whether involving the use of cereals or pulse not, is hereby given due notice of and, it is hoped that it meet with Public approval.

EXPORTS OF VANASPATI TO PAKISTAN.

The Government of India have recently announced in a Press Note the policy of allowing exports from India to Pakistan of cert ain items without licensing restrictions. It has now been decided to allow vanaspati freely for export to Pakistan without any licensing formalities for a limited period.

It is not desired to set any definite time limit for allowing free exports of vanaspati to Pakistan but when the quota for Pakistan nears completion an announcement will be made indicating the last date of free exports. As has been stated in connection with other items, the period of such notice, will not be less than a fortnight.

The general warning that intending exporters should take particular note, in their own interest, to confine their commitments to what they can hope to move within a reasonably short period of time, and not make any long term commitments holds good in the present case also. For this purpose, the period of free exports of vanaspathi to East Pakistan and West Pakistan will commence from August 15, 1949.

UNAUTHORISED RECRUITING AGENCIES.

It has come to the notice of the Directorate of Resettlement and, Employment, Bangalore, that certain fee-charging agencies seem to be busy in Bangalore of late canvassing for workers. Such fee-charging agencies are not to be encouraged, especially when there is a local employment exchange which is an institution solely devoted to render voluntary and free service both to the employers and employment-seekers. Further, the encouragement of such agencies is opposed to international public opinion and there is the possibility of ignorant employment-seekers being exploited by designing agents.

The Directorate appeals to all employment-seekers and employers to seek the assistance of the exchange direct and not resort to any other unauthorised recruiting agencies.

ACTION AGAINST UNREASONABLE HOARDING AND PROFITEERING.

Instances of articles being sold for prices, or at rates, which are deemed "unreasonable" within the meaning of Section 6 of the Hoarding and Profiteering Prevention Act of 1948, have come to the notice of Government.

Section 6 of the H.P.P. Act of 1948 reads as follows:—

"6. (1) Where no maximum has been fixed by notification under clause (*c*) of sub-section (i) of Section 3, no dealer or producer shall sell or offer for sale or otherwise dispose of an article for a consideration which is unreasonable.

(2) For the purposes of this section a consideration is unreasonable, if, whether it is exclusively in money or not—

(*a*) the purchaser is, as a condition of sale, required to purchase at the same time any other article;

(*b*) where the sale is by a dealer, the consideration exceeds the amount represented by the addition allowed by the normal trade practice in force on the 31st day of August 1939 to—

(i) the landed cost of the article increased by any charges for freight and octroi or other duties incurred during transit between the importer's godown at the port of landing and the place of delivery to the consignee in Mysore, or

(ii) the price at which the producer sold the article in the case of an article which is not imported;

(c) where the sale is by a producer, the consideration exceeds the amount represented by the addition allowed by the normal trade practice in force on the 31st day of August 1939 to the cost of production of the article, such cost of production being deemed to be exclusive of the amount, if any, by which the price paid by the producer for any component part of the article exceeded (i) the maximum price fixed for the component part under section 3 and in force at the time of its purchase by the producer, or (ii) where no maximum price has been so fixed for the component part, the amount represented by the addition allowed by the normal trade practice in force on the 31st day of August 1939 to the cost of production of the component part;

Provided that, where the addition allowed by such normal trade practice exceeds or is alleged to exceed 20 per cent, dealer or producer, as the case may be, shall report the fact to the Controller who may either sanction such addition or for reasons to be recorded in writing, order its variation, and the dealer or producer, as the case may be, shall be deemed to sell for a consideration which is unreasonable if such report has not been made or if after such report has been made and the Controller has varied such addition, the price charged exceeds the limits approved by the Controller under this proviso.

(3) The Controller may make or cause to be made a certificate stating the landed cost of any imported article dealt in by a dealer, and shall, on request made by any dealer, grant or cause to be granted to that dealer a certificate stating the landed cost of any such imported article.

(4) Where a dealer or producer disposes of an article by having it sold by auction on his behalf, the auctioneer as well as the dealer or producer shall be liable to the penalty provided by sub-section (1) of Section 14 if in any such sale there is a contravention of sub-section (1).

(5) Where any article is sold, offered for sale or otherwise disposed of in contravention of sub-section (1) by a dealer or producer through any person employed by him or acting on his behalf, such person and also, unless they prove that they exercised due diligence to prevent such contravention, the dealer or producer, as the case may be, and any person having charge on behalf of the dealer or producer of the place where the contravention occurred, shall be liable to the punishment provided by sub-section (1) of Section 14 whether or not they were present when the contravention occurred.

The public are hereby informed that sales in contravention of the provision of Section 6 of Hoarding and Profiteering Prevention Act, constitute an offence, punishable with imprisonment which may extend to 5 years, or with fine or with both.

State Emblem and Seal-Motto.

In a recent Press Note, the Government of India annquced that they had selected the motto "Satyameva Jayate" for the State Emblem and Seal. Since then objections have been raised as to the correctness of the last word "Jayate" and it has been pointed out that the correct grammatical form is "Jayati". This is true in so far as grammar and classical Sanskrit are concerned. But, the motto has been taken from a famous verse in the Mundaka Upanishad and it is the recognised practice to maintain the language in the ancient texts irrespective of the rules of strict grammar adopted at a subsequent date. After reference to eminent scholars in Sanskrit, the Government of India are satisfied that "Jayate" is the correct form used in all older editions and reliable manuscripts of Mundaka Upanishad. There is other collateral evidence also to show that "Jayate" is the correct Upanishad form. Hence, the motto chosen for India has been correctly spelt "Jayate".

As the motto is included in the State Emblem, it should not be used privately. It can only appear below the crest where the crest itself is permitted to be used.

Press Note.

Dated 9th August 1949.

Government are receiving frequent applications for the grant of licenses for the construction of cinema theatres in different parts of the State, even though there is a shortage of building materials such as iron, timber, cement, etc., which are urgently required for more essential purposes such as construction of dwelling houses. The increase of the population on the one hand and the shortage of materials on the other have rendered it very necessary that a limitation should be put on the construction of cinema theatres in the State. To ease the situation, Government have decided not to grant licenses for the construction of any cinema houses for a period of three years from 1st August 1949. Government desire to make it clear that no applications for the grant of license to construct cinema theatre will be entertained during the period fixed.

OFFICE OF THE SECRETARY, GOPALA RAO ENQUIRY COMMITTEE, OLD RESIDENCY, BANGALORE.

Notice dated 5th August 1949.

No. 164. It is hereby published for the information of the public that a valuable set of library books numbering over 900 containing Encyclopædias and other books on various subjects will be sold by public auction, by the Secretary, Gopala Rao Enquiry Committee, on Monday the 22nd August 1949 at 11 A.M. in the Residency Office Buildings.

2. The books are contained in seven valuable rose and teakwood cases.

3. The books are open for inspection in the Residency Offices during office hours on working days. The sale will be by public auction and the highest bidder will be declared to be the purchaser of the property. But it shall be in the discretion and option of the sale conducting officer to decline or to accept any bid if it appears to him that the price offered is inadequate or for any other reason. Each bid shall be final and binding on the bidder once it has been offered irrespective of other bids and the bidder will not be allowed to withdraw or alter his bid after it has been offered. In the event of any dispute regarding the bids or the bidders, fresh offers may be called for or the sale continued from the last accepted bid. As soon as the bid is offered the bidder may be called upon to forthwith deposit 25 per cent of the amount of the bid, if required before the bid is accepted.

4. The person declared to be the successful bidder should forthwith deposit with the sale conducting officer not less than 25 per cent of the sale price on the spot and the balance within eight days from the date of sale. In case of default the defaulting bidder will be liable to make good the

deficiency if any at the resale and will also be liable for the loss and damage sustained thereby. But he will not be entitled to the benefit of any higher price which may be realised at the resale. The deposit made by the successful bidder is liable to be forfeited in the event of his failure to pay the balance and the sale price within the stipulated time.

5. The sale is subject to confirmation by the Gopala Rao Enquiry Committee who do not bind themselves to accept the final bid. They may reject the same without assigning any reason or dispose of the property in any manner they deem fit. The successful bidder whose bid is accepted by the Committee should pay the full amount of the property and take possession of the same within eight days from the date of confirmation of sale.

6. In all matters of dispute, etc., the decision of the Gopala Rao Enquiry Committee, Bangalore, shall be final and this is the express condition of the sale.
